

**COMPARE FUZOR CONSTRUCTION BUNDLES**

**Construction**

	<b>Construction PRO</b>	<b>Virtual Design Construction</b>
<b>Unique Features</b>		
Multi-User VR Collaboration	Join	Host + Join
Live Link Synchronization with Revit and ArchiCAD	Bi-directional	Bi-directional
Point Cloud Support (.pts, .fls)	●	●
Recap Support through Revit and Navisworks	●	●
History List	●	●
Sequence Animation System - Creation and Export	●	●
Event Trigger System - Creation and Export	Viewing Only	●
Direct Substance Material Support (.sbsar)	●	●
Direct Physical Based Render (PBR) Material Support	●	●
Interactive 2D Viewsheets	●	●
Private Cloud Solutions		Available Upon Request
<b>AR Support</b>		
HoloLens Support		●
Multi-User AR Collaboration		●
QR Code and Manual Anchoring		●
Customizable Layer Creations		●
Local and Cloud File Export Options		●
Voice-activated Annotations		●
View Element BIM Properties		●
4D Construction Sequence		●
<b>VR/MR Support</b>		
Oculus Rift / Rift S and Touch Support		●
<b>Why is Fuzor right for you?</b>	<a href="#">Let Us Show You!</a>	<a href="#">Sign Up for Training</a>
Windows Mixed Reality Support		●
Live VR Measurement		●
VR Mark-ups and Screenshots		●
VR Annotations		●
View Element BIM Properties		●
Scale Mode		●
Visibility Override		●
2D Map and Saved View Navigations		●
Airplane and Avatar Navigations		●

Google Cardboard Support		-
VR Design Tools	●	●
Masking Mode	●	●
Operator Mode	●	●
Interactive VR Video	●	●
VR Record and Playback	●	●
VR Interactive Tools	●	●
Family Object Movement	●	●
Family Library Placement	●	●
Real-time Material Changes	●	●
<b>Design</b>		
Sun Study Controls	●	●
Render Style and Graphical Adjustment Controls	●	●
Avatar Customization	●	●
Object Refitting with Move Windows for Precise Movement	●	●
Vehicle and Entourage Placement	●	●
Selectable Terrain and Sky Type	●	●
2D Media / Projected Media Assignment	●	●
Weather Controls	●	●
360° Panoramic Screenshot	●	●
VR Panoramic Screenshot	●	●
Custom Audio Effects	●	●
Museum Box Render Mode	●	●
Customizable Skybox	●	●
Direct Archvision RPC Support	●	●
Real Time Material and Lighting Adjustments	●	●
Family Placement	●	●
Seasonal Foliage Library with Fast Placement	●	●
Automatic Revit Door Animations	●	●
Custom Door, Rotation and Translation Animations	●	●
Spawn Particles- fire, smoke, water, spark	●	●
Custom Particle Creation	●	●
CCTV Design and Simulation	●	●
Customizable Design Options	●	●
View Analysis	●	●
<b>BIM</b>		
Element Property Filter System	●	●
Phase Filtering Support	●	●
Measurement Tools (accuracy to 1/8")	●	●
Saved Camera Views with BIM Values	●	●

Section Box and Multiple Section Cut Planes	●	●
Object Visibility Controls	●	●
Hidden Geometry Reveal	●	●
BIM Information Edit and Creation	●	●
Color Override Edit and Creation	●	●
Footstep Counter Measurement	●	●
Clash Analysis, Grouping and Report	●	●
Light Report Functionality	●	●
Height Clearance Analysis	●	●
Edge Detection Analysis	●	●
AM/FM BIM Info Transfer to Executable File		●
<b>Construction</b>		
Combined Matrix System Advanced Filter/Search Technology	●	●
4D Schedule Import, Creation, Editing and Animation	●	●
Project Calendar Import, Creation and Editing	●	●
Schedule Constraint Support	●	●
Auto-Assign Object to Tasks	●	●
Built-in Object Stagger Animations	●	●
Animatable Equipment and Vehicles with Grab and Release	●	●
Vehicle Operation Projections to Show Radius of Vehicle Movement	●	●
Custom Construction Zoning	●	●
Navisworks Selection Tree Support	●	●
Selections Sets	●	●
Activity Code Filter Support	●	●
WBS Support	●	●
Volumetric Quantity Take-Off	●	●
5D Cost Tracking and Analysis	●	●
5D Resource Support (Microsoft Project, P6, CSV)	●	●
5D Resource Creation	●	●
Planned vs Actual Tracking	●	●
Safety Equipment with Fast Placement	●	●
Custom Geometry Splitting	●	●
Geometry Splitting by Level or Interval	●	●
Object Dismantle Capability	●	●
Custom Animated Family Library Creation	●	●
<b>Communication and Mobility</b>		
Flythrough Cinematic Recording, Editing and MP4 Export	●	●
Object Annotation System (.ano and .bcf support)	●	●
Walkthrough Cinematic Recording and MP4 Export	●	●
HD Screenshot and Screenshot Transparency	●	●
VR Ready Client/Server Capabilities		●

VR-Ready Client Viewer Generation		•
Issue Tracker (req. Collaboration Server)		•
Fuzor Mobile File Generation		•
Object QR Code Generation for Mobile		•
<b>Additional Features</b>		
Rhino 5 (x64) / Rhino 6 (x64) Plug-in	•	•
Civil 3D Plug-in	•	•
Navisworks Plug-in	•	•
FBX, SKP, 3DS and IFC Drag and Drop Support	•	•
Fuzor API Support	•	•
Primavera P6 Schedule Support (.xml)	•	•
Microsoft Project Schedule Support (.xml)	•	•
Asta Schedule Support (.xml)	•	•
CSV Schedule Support (.csv)	•	•
Worksharking Support for Fuzor CHE Files		•
C.A.V.E. Support		•
Hologram Support		•
<b>Additional Device Support</b>		
3D Glasses for 3D TV and Monitor Support	•	•
Xbox Controller	•	•
USB Game Controller	•	•
3D Mouse	•	•
